EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 13, the period (on page 64, the last line of text) has been deleted.

The above amendment is merely editorial in nature and corrects an obvious typographical error. (Claim 13 contains two periods: an extraneous one in the body of the text and one at the end of the claim. The above amendment deletes the extraneous period.)

Priority

USPTO records do not show receipt of the priority documents.

Allowable Subject Matter

Claims 1-14 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art appears to be JP 10-95972A, cited by applicant in the IDS, which teaches exemplified compounds structurally related to those of the instant invention. The prior art neither teaches nor suggests the instant set of compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian J. Davis whose telephone number is 571-272-0638. The examiner can normally be reached on M-F 8:30-5:00.
